Hollywood Celebrates its 23rd Annual Unity Day

Hollywood Unity Day began as an effort to bring the Hollywood Area together following a period in the late 1980's during which there had been controversy and division about revisions in the NA Basic Text as well as objections to the creation of special interest meetings. It was hoped by many in the area that a Unity Day would help the area to heal and move forward with a common purpose in alignment with the worldwide Narcotics Anonymous fellowship.

The original planners envisioned a unique event that would be a sort of "mini convention," with workshops during the day, a main speaker meeting in the early evening followed by a dance. It was hoped that Unity Day would attract members from other areas as well to come to Hollywood and celebrate everyone's recovery. This will be the 23rd year of an event that has become the symbol of the joy we can all share when we come together with all our diversity and find the love and healing of a united fellowship.

Welcome to Unity Day 2012!
